American Airlines Aadvantage - Frequent Flyer Applications

American Airlines offers their frequent flyer program called the [American Airlines Aadvantage](#). This is known to be the biggest frequent flyer programs all over the world. The Aadvantage program is really a computerized travel award program that was introduced during 1981.

Members of the American Airlines Aadvantage program are granted by the mileage points. The actual points earned will depend to the miles covered of frequent flyer. The points gained could be redeemed through getting bookings to the American Airline plane tickets. Different awards are also offered such as AAnytime Award, Business Honours, MileSAver Award and Upgrade honours by the AAdvantage programs.

The members earning 25,000 kilometers can get free reservations in Economy Class going to any Continental destinations in the United States. Moreover, rewards are available to the First Class, Business and Premium Class travelers. They can also have the flight rewards outside the United States but they will need much bigger mileage points.

In Aadvantage program, the members will earn the points every time they are traveling through flights in American Airlines, American Eagle, American Link along with the other carriers which are partners of American Airlines. In purchasing First Class or Business Class tickets, the members are entitled to [earn the mileage points](#). They can purchase for as much as 40,000 mileage points. The members can also advantage of earning points from the car rentals, dinner in restaurants and hotel reservations when the restaurant, hotel or car rental companies are members of Aadvantage program.

American Airlines Advantage members can have free flight upgrades to the American Airlines and their allied airlines in exchange to mileage points. The members can receive the points also for car rentals, restaurants as well as hotels if they are partners from the Aadvantage programs. A member can also get the mileage points for travel packages, retail services and college programs.
