Is It Time To Eat?

Okay, if I am being really honest, a lot of the restaurants out in Florida can be found across the whole of the USA but there are some out there that are of course unique to Florida and this needs to be remembered. Although ones like the Golden Corral are located across the US I have not experienced any other one that has done their world famous [golden corral volcano pudding cake as well as the chains in Florida do. most of the restaurants out there aree actually buffet ones which means you need to be careful when you are out there because it is actually very easy to put on a few pounds when you are out on vacation there. trust me on this one.](#)

Okay so the main reason people travel out to Florida is not because of the food but because of the theme parks like the [Wizarding World of Harry Potter and who can blame them, they truly are fantastic!
